BARAHONA KILLED IN SALVADOR JAIL.
NEW ORLEANS, May 21.—[Exclusive Dispatch.] A cable from Puerto Cortes, Honduras, says: "News of the assassination of Señor Alvaro Barahona, one of the most popular men in the five republics, has just been received here."
"He is reported to have been killed in jail at Salvador, where he had been confined for five months."
"Barahona was Governor of the Department of Cortes and commander of the men of the expedition against the durs, during the administration of President Sierra. At the last presidential election he was the people's candidate for the highest office, but was defeated by the official candidate. His friends wanted to place him in office by force of arms, and on hearing of this the government ordered

SCENE IS AWFUL.
The scene on Church street, where the wires were crossed, is described as being of the most brilliant and at the same time most terrifying spectacles of the kind ever witnessed in the city. Many people were passing along Church street at the time. None was given any warning of the threatened disaster, and when the frightful explosion occurred the severed wires began spouting tongues of electrical flame as they whipped about on the pavement, people screamed and ran for their lives. The brilliant electrical display illuminated the Mission district for many blocks.
IS WORK OF MISCREANTS.
"The work of miscreants is the most dastardly outrage that has been attempted since the beginning of the strike," said one of the operating officials of the company. "It shows the small concern that strikers and sympathizers have for life and property. It is remarkable that the trouble was not attended by loss of life, for it jeopardized many people, both on Church street and in the station at Turk and Fillmore streets. The United Railroads receives its electrical power from the California Gas and Electric Corporation over high tension wires that carry current of 12,000 volts. This current is received at the various substations, and transformed into a lower voltage for distribution over the city streets. The high-tension wire that supplies the station at Turk and Fillmore streets passes along Church street. The wires are strung in a system north of Market street, and the company has put a lot of experts at work and we hope to be able to resume car service in the morning."

FAIR FORGER IN JAIL CELL.

Young Woman of Pasadena
Confesses Crime.

Goaded by Misfortune Passes
Bogus Checks.

Uses Dead Millionaire's Name
to Raise Money.

Miss Eunice Hellman, a prepossessing stenographer employed by Attorney C. M. Simpson of Pasadena, confessed to the Los Angeles police that poverty led her to forge the name of H. W. Hellman, deceased, to three checks, after her arrest at the Hotel Mafero, Pasadena, last night. When confronted by the facts at Central station the young woman broke down and told how she came to commit the crime.

Four years ago Miss Hellman came to Los Angeles from Burlington, Vt. Her struggle to earn an honest livelihood began. Filled with the hopes of a bright future, she began her career as a stenographer. The little sum she had brought with her began to dwindle but the young woman only fought harder her battle with life.

Knowing that expert stenographers are much in demand, Miss Hellman

MISS EUNICE HELLMAN.

applied herself to the utmost, but fate was against her. Many times she fought want, but always managed to fight off the demon. Hunger and hardships were heaved, but always there seemed to be a misfortune awaiting. Her salary was too small to afford the necessities of life.

Time after time the landlord of her hotel applied for his due, and she always managed to secure it. A few weeks ago Miss Hellman became aware that a crisis was approaching. She sought every honorable means of evading it. As the days passed, the specter, want, grew more and more terrible. In the darkest hour of the girl's life temptation offered a way. She had heard of the wealthy Los Angeles banker. And why not? It would be easy to pass a check, as she bore the same name. The woman accepted the opportunity. A check made payable to herself and signed "H. W. Hellman" was presented to the proprietor of her hotel.

In awful suspense the woman waited. No one mentioned the incident. The check had passed and the proprietor had the \$25 which she owed him. Her success as a forger overwhelmed her and again she tried. This time Miss Hellman became bolder. She made the amount \$50 and presented the check at the bank herself. It was paid.

Intoxicated with success, Miss Hellman says that she again forged the name for \$50 and received the money. When she had written the fourth check, one \$25, she began to realize the enormity of her crime. She tore it up. The crime haunted her and almost drove her mad.

When the first check came to Marco Hellman, son of the deceased banker, he went to the Los Angeles detectives. They secured a warrant for the woman and it was sent to Pasadena. An officer of that city went to the hotel last night and arrested Miss Hellman. Then he sent for Detective Talamante.

No sign of passionate weeping marked the arrival of the woman at the police station. She is too much stunned. She told the story with immovable composure. It is her first crime. The police say she doesn't realize yet what she has done.

**CALLS FOR \$1,500,000 TO COMBAT
LABORITE DICTATION.**

President of National Association of Manufacturers Declared Attempts of Jawsmith Organizations to Terrorize President, Congress, Judges and Juries Must Be Firmly Suppressed.

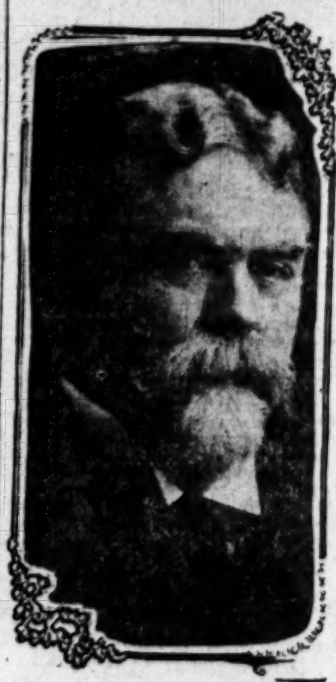

NEW YORK, May 21.—A fund of \$1,500,000 to be expended in fighting "industrial oppression" in the next three years was called for by President Van Cleave of the National Association of Manufacturers at its annual convention today. President Van Cleave appointed a committee of thirty-five to find a way to raise the money.

Mr. Van Cleave announced his plan at the conclusion of his annual address, in the course of which he declared the principles of the association to be to maintain the open shop, to oppose the boycott, limitation of apprentices and limitation of output and to oppose dictation by labor unions.

He also declared that the manufacturers must combat the newer issues caused by the determination of labor union leaders to terrorize the President, Congress, judges and juries.

Mr. Van Cleave added:

HAYWOOD TRIAL NEARS CRISIS.

SERIOUS BATTLE FOR SQUARE
DEAL IS BEGINNING.

Jury Expected to Be Sworn in on
Next Monday and Experts Think
That There Will Not Be Great
Change in Personnel—Orchard
to Be on Stand for a Week.

(BY THE ASSOCIATED PRESS.—P.M.)
BOISE (Idaho) May 21.—It is predicted today that the first witness testifying to circumstances connected with the crime in the Steinberg murder case will take the stand one week hence. There are still eight unexpended peremptory challenges, there is an additional vacancy created by the excuse for illness of Juror Orrin Cole, and, under the ruling of Judge Fremont Wood, the entire jury is still open to further examination.

The session scheduled for Thursday afternoon, already a short one, will be further shortened by the time necessary to hear the excuse of the special venire directly they are assembled in court, and no doubt is expressed about the completion of the jury by adjournment on Saturday afternoon.

Those who reduce the proposition to mathematical calculation based on the experience of the trial to date, predict that the jury will be finally sworn in some time on Monday next, that the opening statement will be made on either Monday afternoon or Tuesday morning, and that the first real testimony will be taken on Tuesday.

It has not yet been decided whether James H. Hawley or Senator Borah will make the opening statement for the prosecution. They said today that they had not considered the question, but would take it up later in the week. The prosecution continues to file the names of all witnesses to be used in the four cases pending and they now number nearly two hundred. Less than one-third of them will be called in the Haywood case.

Harry Orchard, the principal witness for the state, will probably be on the stand for a week. His examination in chief is expected to occupy from three to four days and his cross-examination nearly as long. It is believed that he will be called about one week from Thursday, assuming that the jury is sworn on Monday.

The great battle of the trial will come with the introduction of the defense case. It is expected that there will be a fight against admission at every important stage of his testimony and that he will be submitted to the strongest cross-examination that the combined ingenuity and cleverness of the defense can devise. Attorney F. P. Richardson will conduct the cross-examination of Orchard.

British Writer Says Exclusive Hotels
May Some Day Bar Visitors from
United States.

(BY DIRECT WIRE TO THE TIMES.)
LONDON, May 21.—[Exclusive Dispatch.] Referring to the influx of American tourists, a writer signing himself "Anglo-American" and occupying the place of honor on the editorial page of today's Daily Mail asserts: "The time may come when the most exclusive hotels of Europe will make it a point to bar out Americans who have the national gift of inspiring familiarity and inconviction on the part of servants."

"They do not drink wine with their meals, and are more niggardly with their tips than any other people. They go to good hotels only for the sake of the address."

Mr. Crawford of the Hotel Cecil said: "When the London hotels shut out Americans they will nearly all go bankrupt."

ARMY AND NAVY MEET.

WASHINGTON, May 21.—At the national convention of the Regular Army and the Navy Union, which met here last night, Capt. J. E. Morton of Washington was elected national commander; Capt. James P. MAYOR FEARS UNION RIOTS.

Tells Police Chief to Beg
Citizens' Aid.

Wants People Off Streets
When Cars Run.

Governor Promises Militia if
Needed.

(BY DIRECT WIRE TO THE TIMES.)
EVANSVILLE (Ind.) May 21.—[Exclusive Dispatch.] "For God's sake tell the people to stay off the streets tonight and whatever they do, don't let them molest the cars."

This was the excited order that Mayor Boehne gave to Chief of Police Beneke this afternoon when President Marshall notified him that he would run cars tonight regardless of consequences. He said that he had kept the cars off the streets for five nights, waiting for the authorities to protect his property and that he would run them tonight no matter what happens. President Marshall had been in communication with the Governor's office at Indianapolis during the day and it is believed that he received assurance that if the city authorities do not attempt to stop the cars, the State will do so through its militia.

One hundred strike-breakers arrived this morning from Chicago and were placed in charge of John Reed, the famous Chicago strike-breaker, Harvard graduate and at one time captain of the Harvard football eleven. His men are perfectly disciplined and upon their arrival the company announced that no more conferences would be held with the strikers.

Cars were run on the downtown streets tonight, but the lines penetrating the suburbs and factory districts were abandoned at dark. Outside of occasional obstructions on the track no attempts to stop the cars were made today. President Marshall, in a talk with Mayor Boehne today, intimated very plainly that he proposed to hold the city responsible for the destruction of the company's property. He claims that the police have pretended to cope with the situation and that the loss in wrecked cars, injury to employees and general demoralization of the system should be made good by the city when the fault is due to its guardians of the peace.

LABOR BRIEFS.

ENGLISH BRISBIN DEAD.

WASHINGTON, May 21.—The Navy Department today received a dispatch from Commander Tappan of the cruiser Tacoma, saying that Ensign A. T. Brisbin, who shot himself Sunday, died today.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble presses upon the mind, discourages ambition, beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a fault as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. Wednesday is Notion Day

We've planned big values for a big sale of notions today. Savings you'll be interested in. Be sure and read details in another morning paper.

Tremendous Price Upheaval In the Women's Garment Section

"Overstocked" is the cry among eastern manufacturers and dealers everywhere. A backward season has done its work, and what was supposed to be farsightedness on the part of wholesalers and buyers has been turned into bad cases of over-enthusiasm. If the season had been normal, if warm weather had come when it should have come, plans would have developed profitably, but as it is thousands of dollars are tied up in ready-to-wear garments, and a tremendous overstock in the east is the result.

Several of the Biggest Dealers Turned to California and the Broadway Department Store for Help

They knew the splendid climatic conditions that make it always summer here. They knew the Broadway's policy compels clean, healthy stocks here all the time. They knew we could use the suits at once which the East won't be ready for a month or more yet, and they offered us a great lot of women's garments at such ridiculously low prices we couldn't think of refusing.

Suits, Waists, Skirts, Underskirts, Coats, Kimonos

The very latest styles and a big variety. And we have organized them together with our regular stocks sympathetically reduced into perhaps the greatest sale of women's garments that was ever held in Los Angeles.

It begins today sharp on the tick of 8 o'clock. Women who haven't their new summer suits or waists yet will be glad they have waited. Those who have bought their outfit already will find this a great opportunity to add to it and save money by spending.

It's a magnificent economy event that will make Broadway value leadership more pre-eminent than ever. Read these items—

DEADLY WIRE FENCES. Rancher Killed and Helpers Shocked by Wire Lined Through Telephone Break.

(BY DIRECT WIRE TO THE TIMES.) HELENA (MONT.), May 21.—[Exclusive Dispatch.] John Mize, a well-known ranchman, was killed last night at Young's ranch, three miles east of Belgrade. He was working in an irrigating ditch and it is supposed he started to crawl through a wire fence, which was highly charged with electricity, owing to a break in a private telephone line through which the Madison power line high voltage was transferred to the fence.

His two dogs returned to the house and acted strangely. Mrs. Mize went to the field and found her husband dead in the ditch. She put her hand on his forehead and was knocked down. Several neighbors who tried to get the body from the fence received shocks. The Madison power plant had to be shut down before the body could be removed.

MAUSER IMPROVES RIFLES. BERLIN, May 21.—It is announced from Dusseldorf that Herr Mauser, the inventor of the rifle which bears his name, has invented an improved mechanism by which the weapon is automatically reloaded from a cartridge chamber after firing. He believes that the improvement is so great that it must be adopted by all modern armies. Germany will probably be the first to adopt it.

Postum, with remarkable results. The wife of a college professor said to me a short time ago that nothing had ever produced so marked a change in her husband's health as the leaving off of coffee and the use of Postum in its place. "There's a lesson." Read "The Road to Wellville," in pgs.

MUSIC AND
THE STAGE.

After a view of "A Royal Family," the Belasco's current offering, one feels that it is distinctly unfortunate that plays of this high class—viewed from whatever point of dramatic criticism—cannot be served more regularly on our dramatic menu.

Capt. Marshall's romantic comedy is no stranger to Los Angeles playgoers. The story is the oft-told one of the impetuous, self-willed young Princess who won't consent to her parents' wish that she marry a neighboring crown for reasons of state—only to find that when this same Prince is introduced to her, she readily tumbles head over heels in love with him.

There is much of the atmospheric charm and fascination of "The Prisoner of Zenda" in "A Royal Family," although none of the strenuousness of the Hope play permeates the Marshall product.

Local stages have seldom seen more beautiful or elaborate settings than Mr. Branton displays in "A Royal Family," and the scenery was justly recipient of hearty applause last night. Lillian Albertson plays the Princess, originally enacted by Annie Russell, and gives a delightful and charming conception of the role. Lewis S. Stone is the Prince, and invests the part with vigorous masculine charm and histrionic cleverness. Harry Clancy does the biased King, with a capital idea of the part, and William Terence gives a good Cardinal. Eleanor Carey after some weeks of retirement, is seen again, presenting a thoroughly human characterization, vivid with comedy and more serious sentiments, in an unusual combination.

Tonight's performance will be attended by the 200 members of the Valley Hunt Club of Pasadena.

Foy and Clark have the novelty act of the week at the Orpheum. At the rising of the curtain the audience beholds a shimmering Neptunian twilight, and upon a rock-couch in the center a very human mermaid. The mermaid, a girl, is the "Captain Kidd" who has just landed the back drop, and fish of various shapes and shades go flashing by. Presently a huge, rubbery whale rolls weakly down and vomits a scared little sailor out on the floor of the deep. During his lucid moments he holds on to an anchor, thus keeping himself at the bottom, but occasionally, letting go, he is whisked toward the surface of the water, only to piddle down again with much difficulty. A vaudeville courtship of ordinary variety follows, diversified by a fight with a devil-fish and ending with an up-to-the-air elopement of the sailor and the green-tailed maiden.

The Durand trio, who notwithstanding the French name are Italians, promise some unusual work, but do not fulfill their forecast. They enter with a very European turn, in ordinary attire—which is novel and entertaining. Then they go to a well-harmonized version of "The Rose Tree" descended from this to a bad, shouting of the Torador song, and conclude with a dreary drag on that familiar bit of Latin sentimentality, "La Paloma."

Charles Leonard Fletcher presents a series of character impersonations which, for refinement and intellectual grace, are of rare worth. He is most successful in his depiction of several Dickens characters, and in his final tragic transcription of Zola's grim "L'Assommoir."

"Princess" Yolande brings a troupe of clever cockatoos and parrots, surprisingly trained, but put together in a very poorly conceived act. Krems, brothers, comedy acrobats continue with their difficult feats. Elizabeth Murray is again dispensing the flattest line of humor that she has ever used. The Tourbillon bicycle troupe continues, and the Padette woman's orchestra diversifies its list with a sketch in comedy programme music, "A Day at the Circus."

Miss Ina M. Penwarden's graduating recital—Los Angeles Conservatory of Music—will take place at Long's Hall on Friday evening. Through an error, Miss Penwarden's recital was previously announced as having already occurred.

FOR GOOD ROADS.

Supervisors, Ready to Appoint Highway Commission as Soon as Nominations Are Made.

Another step has been taken in the general plan for good roads in Los Angeles county. Yesterday, the Board of Supervisors formally accepted the petition of the Good Roads Association, asking for the appointment of a Highway Commission, and adopted the following resolution:

"Resolved, that the petition of the Good Roads Association be hereby accepted, and that this board hereby declares the petition sufficient to authorize it to appoint a Highway Commission."

Secretary A. P. Fleming, and Assistant Secretary J. H. Dwyer, appeared before the board and gave testimony as to the methods pursued in obtaining signatures and the names of 683 freeholders and taxpayers, who will be \$240 required.

The next step will be the presentation to the Board of Supervisors of a list of names by the Good Roads Association, from which the three members of the Highway Commission may be selected.

The Good Roads Association has called a meeting for May 25, at 2 o'clock p.m., in the Assembly Hall of the Chamber of Commerce, for the purpose of selecting such names as it wishes to submit to the Supervisors. This is to be done on the request of the Supervisors, who have asked the association to select at least seven names from which appointments to the commission can be made.

The provisions of the law for such appointments are that he "shall be and has been for two years a bona-fide resident and freeholder of such county, and shall be especially qualified to have charge of the improvements of highways, and said commission shall be appointed to serve for a term of two years, or until their successors shall be appointed and qualified."

MAD RIDE FOR BURGLAR.

Telephone Message Urges: "Hurry," Culpit Proves to Be Eight Years Old, but Precocious.

B-r-r-r-r, ding-ding-ding. The telephone bell of the Central Police Station gave one last, convulsive throb yesterday morning, and then subsided while Sergeant Sparks grabbed the receiver.

Barfoot burglar, forty-fourth and Long Beach avenue—he's robbing a house now—hurry and you'll get him. The telephone call came from a woman who called for a detail. Sergeant Peterson, one of the tallest officers in the department, responded. Peterson was recently promoted from the ranks because he has a faculty of thinking rapidly. He received the desk sergeant's message without remark and dashed for the street.

An automobile speeding down Broadway, came to a sudden stop at the

made from simple native roots and herbs. For more than thirty years it has been helping women to be strong, regulating the functions perfectly and overcoming pain. It has also proved itself invaluable in preparing for child birth and the change of life.

Mrs. A. M. Hagemann, of Bay Shore, L. I., writes:—Dear Mrs. Pinkham:—I suffered from a displacement, excessive and painful functions so that I had to lie down or sit still most of the time. Lydia E. Pinkham's Vegetable Compound has made me a well woman so that I am able to attend to my duties. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound and see what relief it will give them.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female illness are invited to write Mrs. Pinkham, at Lynn, Mass. for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she advised her mother-in-law Lydia E. Pinkham in advising. Therefore she is especially well qualified to guide sick women back to health.

officer's command, "But I'm in a hurry," objected the chauffeur. "So am I," said Peterson, and the auto started on the race against time for Long Beach avenue.

Down alleyways and cutting corners at a perilous rate went the big machine with Peterson hanging to the tonneau for dear life, and the chase covered in a cloud of dust. At the outskirts of the crowd, apparently unheeded, stood a little barefoot boy, 8 years of age, who gaped at the doing, and kept his opinions to himself.

"Where's the burglar?" said the officer, his hand on his revolver and the light of battle in his eyes.

The men on the curb stopped talking and looked in wonder at him. "Oh, yes," one of them said, "comprehension lighting up his face; 'he means the burglar.'"

Peterson glanced in amazement at the eight-year-old lad, who was pushed forward as the terrible culprit. With one look Peterson's face grew stern, and the little fellow in his arms and reentered the automobile for the trip to the station.

It was one of the many novel sights of the Police Station to see the big officer stand up before the desk sergeant and register one, George Dearing, age 8 years, residence unknown.

Then George Dearing was sent to the Detention House and a charge of burglary will be preferred against him. According to the report made by the residents in the neighborhood of Port-fourth and Long Beach avenues, Dearing committed a burglary that would have done credit to Eleanor, the giant negro.

While several of the neighbors stood by and looked on in wonder, the youthful prodigy tried the front door of the home of T. A. Linneberg at No. 414 Long Beach avenue. Finding that locked, he tried to gain entrance by the back door, before climbing in through a window over the body of a boarder who was asleep at that time.

Then the boy is said to have ransacked the house, taking a small gold watch, a gold locket, and several other pieces of jewelry.

Mrs. Wright, "Oh, pepper, cypress or eucalyptus, is best, and she only had to use it two or three times till I quit."

The matter of giving school children too much "sponsoring money" was brought up by the teachers, who consider the practice a bad one, which should be avoided by parents.

"Parents should know where their boys or girls are at all times, and not allow them to run the streets," said one speaker. "The home, the church and the school are for the training of children, but there is only one real place, and that is the home."

An interesting report from the Mothers' Congress meetings, held here recently, was given by Mrs. Kennel, vice-president of the circle.

A committee was appointed, whose duty it will be to keep in touch with the poorer class of mothers, who do not attend the child-study circles.

FATHER NUGENT INJURED.
CHICAGO, May 21.—Rev. Father Francis Nugent of St. Louis, head of the mission work of the Vincentian Fathers, was struck and probably fatally injured by an electric train at Austin, a suburb, today. He is one of the most eloquent preachers in the Catholic Church in the United States.

WOMEN'S CLUBS.

The Jefferson Street Child Study Circle met yesterday afternoon. Both teachers and mothers entered into a most interesting discussion of the children's punishments and other interesting topics. Mrs. G. V. Wright led the discussion on the subject of child discipline, and several of the mothers and different ways of administering it.

Mrs. Wright gave an incident of a small boy she knew, who used to swear a great deal, and all at once quit the habit. On being asked what had made him quit, he said "Mamma whipped me." "What kind of a switch?" asked

MEN USED TO GOOD CLOTHES realize the fullest satisfaction in these garments. The fabrics are more carefully selected and represent the more tasteful of the season's designs. The clothing is fashioned by experts, reflecting the best of the prevailing styles. The work is done by tailors who understand their business. Fine hand needlework takes the place of careless machine stitching in all the delicate details. The product of large factories cannot compare with it at all in fit, finish or fashion. Its only rival is the custom clothing produced by recognized leaders of tailor-craft in large eastern cities.

WALK FOUR HUNDRED MILES ON A "DARE."

ALL ON account of a "dare" made by some mining men of Goldfield, Nev., two young Englishmen, former non-commissioned officers in the British army, walked across 400 miles of burning desert and high mountains from Goldfield to Los Angeles.

THEY arrived yesterday and although they looked gaunt and weary, they maintained that they had not suffered seriously and that Southern Nevada deserts are not nearly so difficult as they are portrayed to be.

Three weeks ago they left Goldfield, shouldering almost sixty pounds of luggage apiece, they turned their faces toward Los Angeles and steadily set out on their arduous tramp. For three weeks they wrestled with heat and thirst in the daytime and with the cold at night. The one bright spot,

they say, was when they struck the Owens River Valley in the vicinity of Bishop. There they had plenty of water and it was, comparatively easy "trekking" for about 100 miles downstream.

Upon their arrival in the city yesterday the two young gentlemen sought a quiet hotel where they spent the entire day resting. Later left for Arizona last night. Sadler intends to remain here indefinitely.

PUBLIC SERVICE.

SUMMARY OF THE DAY.

Fairly inundated by a reform wave, the City Hall is now openly espousing anti-boxing and anti-liquor ordinances. In a startling protest to the Police Board, the Kings Highway Association of the Ninth Ward charged yesterday that a gang of hoodlums has made a portion of the ward "worse than Cholo Town."

Chief Kern warned the Police Board yesterday that unless immediate steps are taken to secure a new building, the Council and Board are likely to be victims of a condemnation by the grand jury.

An attempt on the part of the Love Gas Company to plant a storage tank in the middle of St. John street was frustrated yesterday by the Board of Public Works.

In a trial of a damage suit for alleged false arrest, brought by W. P. Glasco against Patrolman Erastus Sanders in the Superior Court, Judge Monroe yesterday indicated that the plaintiff is entitled to damages. The case was submitted on briefs.

Judge Smith yesterday made an order directing the District Attorney's office to probe the alleged fraudulent service in the Higerson divorce case to the bottom after testimony by H. B. Hunt.

Two more drugists were fined yesterday in the Police Court for violating the State pharmacy laws. Other alleged offenders will be arraigned today.

Jack Dwyer, a union employé at the Elderton restaurant, was arraigned in the Police Court yesterday on the charge of brutally kicking a Japanese boy. The date of his examination has not been set.

AT THE CITY HALL.
REFORM WAVE
HITS CITY HALL.MAYOR AND "POP" BLANCHARD
NOW CONVERTED.

Chief Executive Will Approve "Reasonable" Anti-Boxing Ordinance—Ninth Ward Machine Turns to "Uncle Billy" Workman—Liquor Interests Prepare for Legal Battle.

A reform wave of unusual proportions has apparently struck the city administration; only the saloon interests have been able to escape at least partial inundation. Councilman Healy says it started Monday morning, when "Pop" Blanchard deserted to the other side.

Mayor Harper has taken the lead by announcing that he will sign the ordinance limiting wholesale liquor stores to the saloon zone; also that he will approve any reasonable anti-boxing ordinance passed by the Council. A month ago the Mayor vetoed the first, and expressed himself as opposed to the second.

Disgusted with the public exhibition of soiled linen that followed the Burns-O'Brien fiasco, both Mayor and Police Commission are willing to support a reasonable attempt on the part of the legislators to restrict or to hinder further boxing at McCarey's pavilion. Rumors circulated at the City Hall yesterday afternoon are to the effect that the boxing promoters recognize that the pugilistic game is dead in Los Angeles and are preparing to go outside the city limits just as the racing fraternity went to Ascot.

A color of verity is lent to this rumor by the conspicuous absence from the City Hall of the manipulators who have always managed in the past to roll rocks on the way of any attempt at untidily boxing legislation. The liquor interests have suddenly assumed an attitude of supreme indifference toward the ordinance creating a wholesale liquor zone. Some of the hangers-on assert that the "intoxicated" won a substantial victory when the eleven-month time-limit clause was attached. For almost a year the wholesalers are not to be bothered with the ordinance, but at the end of the period of grace there is to be a day to the courts that may delay moving day a few years longer.

If the wholesalers can win either this Council or its successor, they will be in a position to reveal the untidily legislation passed Monday.

The wholesale liquor legislation hit a mark at which it was not intended originally to aim. The movement started in the resentment of the Crown Hills Improvement Association, which the Police Board for granting a wholesale liquor license at the west end of the tunnel. The tunnel both ways is running and apparently will continue to run for a year at least, possibly for many years, the wholesalers have had no interest in the tunnel fight, are compelled to seek new location inside the saloon zone or to retire from business.

The movement against the "penny arcades" is another chapter in the reform movement. During the last four years attempts have been made frequently to put these morose places out of existence, but all have failed. The committee representing the school department and the Juvenile Court asserts that these failures have been due, in part, to the callousness of the police, and the Police Court judges.

City Attorney Hewitt and Judge Wilbur of the Juvenile Court are to work together on an ordinance, which will keep children under 14 years of age outside the penny arcades. Mayor Harper will support any reasonable ordinance which the Council may pass for the protection of the children of the city.

In all these movements Councilman Blanchard of the Ninth Ward plays an important part. The pride of the Ninth Ward machine, he is taking part in movements which the machine would be expected to oppose. Some say that the veteran Councilman is playing a shrewd hand in the political game, but others, apparently the majority, express the opinion that he is serving his last term in the Council, and he wishes to retire in good standing with the community.

Blanchard is now supporting the movement inaugurated by the element in his ward that sought him for nomination, and again for election. He understands the political game too well to insure that these will support him in a political race at a future election. His attitude on liquor and prize-fight legislation has lent to him the support of the precincts in the west end of the Ninth Ward that elected him to the Council last fall. There are now open the way for "Uncle Billy" Workman as Blanchard's successor.

Viewed from the second story of the City Hall it appears that Blanchard is supporting those whom he realizes will turn and rend him if he enters the political arena again, and that he has wholly deserted the Ninth Ward machine.

It is this changed attitude of Blanchard that makes the liquor zone, the anti-boxing and the penny arcade legislation possible. But the change seems catching. Mayor Harper is heading his administration in the same direction. An executive veto would block any anti-boxing

legislation. Down in the seamy precincts of "de ade" and in the fast east of the river "rough neck" are complaining that both Blanchard and the Mayor have cashed in and joined the other side.

"WORSE THAN CHOLO TOWN."

NINTH WARD HOODLUMS.

The Kings Highway Improvement Association joined the Police Commission out of its customary serenity yesterday by sending to the board a remarkable appeal for better police protection in portions of the ward.

The association points a portion of the ward near Brooklyn avenue and Echandia street as "worse than Cholo Town" by reason of a gang of hoodlums that infest the neighborhood.

Among the striking passages in the protest are the following:

"There is a gang of hoodlum boys who congregate at Brooklyn and Echandia street each evening and make life a misery to decent women and children. They throw rocks through the windows on both sides of the street, they use language that would put any woman on Commercial street to shame."

"They lay around the park by the schoolhouse and await the coming out from school of the girls with whom they can talk or flirt. They curse the park men who remonstrate. They disturb our meetings, they have thrown rocks through the windows on both sides of the street, they use language that would put any woman on Commercial street to shame."

"We have made complaint to the Police Board, and a committee. He failed to act or give us any satisfaction. Unless you place a patrol box at or near Brooklyn and Echandia street in the near future some outraged husband or father is liable to be fined for slapping the head off some of these who range in age from 14 to 20 years and who seem never to sleep."

Surprise was expressed by the Commissioners that such conditions should exist in any part of Los Angeles. The communication was referred to Chief Kern, with a request that the police take prompt action to rid the Ninth Ward of the hoodlums.

MUST HAVE NEW JAIL.

Chief Kern made a written appeal to the Police Board yesterday for a new building to be used as a city jail, police headquarters and a central police station. Ever since he donned a chief's uniform, Kern has asserted that the department cannot render its best service by reason of cramped quarters. His reasons for desiring new quarters, as expressed in the communication, are:

"The present building is not large enough in either the jail or office portion; that for lack of quarters the proper organization of the force cannot be made; and its work is thereby hampered, with corresponding loss of time for which the city pays and receives no return; that positive inhumanity has to be practiced in caring for twice as many prisoners as the jail was built to hold; and that any attempted reconstruction of the present building would be futile and absolutely extravagant wasting of public money."

On account, however, of the many matters of great importance demanding the attention of your body and of the Council, the gravity of the situation in this department is apt to be overlooked for the time. Action, prompt and effective, is called for."

The chief argues that nothing is to be gained by further delay; the price of property any other available location will increase in value equally as fast as the present site.

Voicing unanimous approval of the recommendation from the Chief, the commission sent the communication to the Council with an added appeal in the name of the board for prompt action.

License Not Lifted.

Mrs. Mulvaney failed to convince the police board that the proprietor of the Lake Lake saloon should lose his license for selling beer to her eleven-year-old son. Monday night testimony in support of the complaint was given at a special meeting of the police board, yesterday afternoon the board announced that the charges against Proprietor Altkman have been dismissed.

Warm Trial Coming.

Clerk McGill of the health board surprised his associates by appearing at the meeting of the Civil Service Board yesterday, armed with three attorneys and a cloud of witnesses. McGill was suspended two weeks ago by the health board. Chairman Dockweiler of the board is a recent convert to the defense. This is a surprise to the health commissioners who have expected McGill to be a witness against one of the Mayor's commissions should appear to defend an employee whose dismissal is sought by another commission. Apparently politics will play a prominent part in the McGill trial, which is expected to continue until next Tuesday evening.

LOWE SQUABS AGAIN.

MORE STREET DEPREDACTIONS. Acting under the direction of the Board of Public Works inspectors in the street department stopped a gang of workmen yesterday from planting a storehouse in the middle of St. John street. An investigation disclosed that the workmen were in the employ of one of the squabs of the Love Gas Company.

Complaint was made to the Council Monday by property owners on St. John street that the gas company was appropriating a portion of that thoroughfare. The inspectors found that the object was an extension of the works of the People's and Coke Company. This company holds no franchise to lay gas mains in Los Angeles streets; it was extending its assumed rights to storage tanks, as well as to mains.

BAN ON OBSCENE SHOWS.

Police Visit Penny Arcades but Managers Remove Indecent Pictures and Avoid Arrest.

Following the action of the Council Monday, the police began an investigation of the "penny arcades," and small theaters, which have been a source of complaint from the police and the Juvenile Court. The police visited many of the places, and will continue their rounds this morning. Arrests will be made if the evidence obtained is sufficient on which to base a prosecution.

Reports that indecent pictures are being exhibited at these arcades have reached the ears of Chief Kern. The action of the Council and the City Attorney gave impetus to the police authorities, and instructions to arrest all managers of places where obscene pictures are being shown were issued.

Patrolmen Botoroff and Cook completed a round of the principal places where it was believed indecent pictures were shown last night. It was found in almost every instance that objectionable photographs have been removed.

WEDNESDAY, MAY 22, 1907.

CHURCH SCHEDULES ARE CHANGED.

MAPLE ROCK BARN WILL GO INTO USE TODAY.

Maple Avenue Cars Will Stop at Temple Block, but West Eleventh Street Cars Will Run to Eastlake Park—Latest Owl Car to North.

There will be an interesting change in the schedule on the Los Angeles railway system, beginning today. Also the new car barn on Avenue 25, north of Dayton avenue, will be put in use and nearly a mile of cars will be moved there.

The Maple Avenue cars will stop at Temple block instead of running through to Eastlake Park, and the West Eleventh Street cars will run up Main to Temple street. On Sundays, however, the Maple Avenue cars will run through to Eastlake Park.

The University car, which leaves at 8:30 a. m. and goes to the old barn at Fifty-fifth street, will return to the new car barn, reaching there about 11 a. m.

The cars of these three lines as well as those of the East Main street and the Rock line will all be housed in the new barn, which are among the largest in the country, if not in the world.

To accommodate all these lines a new car barn has been built along Avenue 25, north of Dayton avenue, east of Main street, and connecting with the old Pacific Pacific street. This will provide accommodation for the men running there, especially as the Eagle Rock cars are run through to the car barn.

A section of the city has shown such interest in the real estate field lately as to have the Eagle Rock line in the foot of the city limits. Scores of new bungalows are being built in the vicinity of this line, and a regular business block has been opened up on Avenue 25 with a number of stores.

A number of new subdivisions have been opened up in this district since the Huntington paid \$75,000 for the Huntington street car barn, and the Mackay tract at the city limits. It is also rumored that the recent purchase by the Southern Pacific of a great tract of land just outside the city limits is for the purpose of installing new and up-to-date cars and that many other improvements in that section are contemplated.

It is also the fact that four car lines have their terminus in that beautiful section will undoubtedly be a added activity there.

WATER PROJECT STIRS PUBLIC.

LONG OF SUPPORTERS EAGER TO WORK FOR IT.

Campaign Committee Surprised by Showing of General Interest.

Members of Chamber of Commerce to Act Today.

A number of voters visited the headquarters of the Owens River Campaign Committee yesterday, and registered their interest in the project.

The biggest day the campaign committee has had and Chairman and Secretary M. L. Lissenden expressed surprise at the showing of general interest in the project.

The committee is taking hold of the campaign work with a determination to win. Mr. Lissenden said that the campaign of education has been an encouraging beginning and that many other improvements in that section are contemplated.

It is also the fact that four car lines have their terminus in that beautiful section will undoubtedly be a added activity there.

Not a Good Witness.

Sleeping in blissful ignorance of the fact that above him stood his enemy waving a steel crowbar, as was alleged, preparatory to hitting him on the head with it, William Roslin awoke too late to prove a good witness in his own behalf.

As a result of his inability to tell what he had been hit with, the felony charge preferred against Guadalupe Silva was withdrawn and one of battery substituted, yesterday, in Justice Frederickson's court.

The men worked in a camp on the East Side according to the testimony offered. Following an altercation it was alleged that during the night, while Roslin was asleep, Silva crept into the tent and attacked the white man, hitting him on the head with a steel crowbar.

Silva was arrested on a felony charge, but when it came to trial Roslin admitted that he didn't know what he had been hit with.

A crowbar was produced in court which had been found in the tent the morning after the assault.

Silva pleaded guilty to the misdemeanor complaint and was sentenced to thirty days' service on the chain gang.

PREMIER RESIGNS.

FREDERICKTON (N. B.) May 21.—William Pugsley, Premier of New Brunswick, has decided to resign his office at a meeting of the government next week, and Clifford W. Robinson of Moncton will succeed him. Mr. Pugsley's resignation is due to his decision to retire from Federal politics.

CAPTURE INSURGENT ARMS.

TIEN-TSIN, May 21.—Eight thousand rifles, 300,000 rounds of ammunition and 8000 bayonets, intended for revolutionary purposes have been seized here by the imperial customs authorities. The shipment was imported by a European firm in conjunction with Chinese merchants. The greatest sensation has been caused in the native portion of the city by the seizure.

stand it, requires a drugist to be within 'phone call of his store. I complied with that law. I do not see how I can be held responsible because the bottle of laudanum to this man. The boy quit my employ as soon as he heard of this trouble, and has disappeared."

"The public must be protected," said Justice Frederickson. "Every drugist should know of the poisons and narcotics sold from his place, and must be held responsible for those sales."

Unionists Called Brutal.

Trouble which has been brewing for some time between union and non-union employees of the local restaurants came to a head yesterday when Jack Dwyer, a union employee of Elderion's restaurant attacked I. Yukawa, a tray boy, locking him to the floor and kicking and striking him in the face, it is alleged, until other employees of the restaurant interfered and called the police.

Dwyer was arrested and booked on a battery charge. He was taken before Justice Frederickson early in the afternoon. He asked time to plead and secure witnesses and an attorney in order that he might fight the case.

Confronted in the courtroom by the Japanese boy Dwyer showed little interest in his victim, but the court did not allow him to leave. After an examination of the cuts, bruises and lacerations said to have been administered by Dwyer, Judge Frederickson ordered the defendant placed under \$50 bail, pending trial.

The trouble, it is said, started soon after Dwyer arrived, he taking exception to working with non-union employees. Yesterday, at noon, while the restaurant was crowded with customers, Yukawa was sent to a coffee urn behind the lunch counter to clean out a stove. While he was there Dwyer attempted to draw a cup of coffee by reaching under the boy's arm. In so doing he spilled the coffee and it is said that Dwyer immediately attacked the boy, hit him in the face and threw him to the floor.

Several attorneys and business men who were in the place at the time of the assault appeared before Justice Frederickson during the afternoon and asked that the bail in the case be made as high as possible.

"I saw this attack, it was brutal and unprovoked," said one attorney.

Imitates Abe Lincoln.

Charged with having committed battery on Little Harry Levitt and compelled to conduct his own case in court, Ray Horton yesterday established a record by securing a dismissal of the charge against himself and securing conviction of the man who appeared as prosecuting witness.

Horton had been arrested on a warrant sworn out by George Brown, who alleged that Horton, who is 20 years old, had attacked his little relative for no apparent cause and had administered a severe beating.

The first witness called was the little boy. He told the court that he was a good baseball player and that Horton had wanted him to play ball with him instead of with other children. That upon his refusal, the big boy had slapped his face, thrown him to the ground and kicked him. A bevy of young women also testified of the assault.

Finally it came time for Horton to call witnesses in his own behalf. After cross-examining these, he said: "If your honor will permit I will now argue this case. I am placed in a rather peculiar position. I am charged with striking a little fellow who has effects my liberty. I have tried to present this in a fair way and I think I have sustained my allegations of innocence."

"You certainly have," said the court, "and besides dismissing this case against you I will require George Brown to pay \$3 as the costs of this case."

"Oh, I try to study law at night and read stories about Abe Lincoln," said the promising youth as he left the courtroom.

Foundation of the London-Arizona Copper Company

Two weeks ago at Pinalville, a Douglas suburb, was found the dead body of a man, shot to death in a most horrible manner, apparently with a knife. Yesterday at El Paso Extremo, a small town in the mountains, was the murder. Sheriff White has gone for the prisoner. The man is a Mexican, and quite a witness of the affair. The Mexican who was at that time in the company of Galadino, told the story and quite lately, Revenge was suddenly secured by turning informant.

Two months ago at the Copper Queen reduction works at Douglas by a man named Luis, who managed to spirit away a pound bar of copper bullion which he had been working on for some time. They were unloading. They managed to get the bullion over to Nogales, where they hid it. The man was stamped D. C. C. the mark of the property, in which Sparrow is charged with perjury in the testimony given by him.

Vice-President and General Manager H. R. Nickerson of the Mexican Central Railway Company, has been offered made by W. C. Greene to take the management of the company's vast interests in Northern Mexico, at an extremely large salary. It is reported that the offer has been declined on the Mexican Central by J. A. Naugle, for years manager of the company.

Secretary Pollard of the local Y. M. C. A. has been promoted to be industrial agent for the Y. M. C. A. of Mexico. He will be succeeded in Bisbee by his former assistant, C. E. Buchner.

For the last few days the weather has been disagreeable for a week or more along the border. Last Sunday, at Lowell, a man was killed in his rooming house owned by E. G. Riley.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

GUARDSMAN IS TAKEN BACK.

PASADENA BOSS BARBER HAS YIELDED TO STORM.

Militiaman Discharged from Shop Because He Was Called Out for Possible Duty With Company Is Given Place, Notwithstanding Yelp of Union Bully.

Office of The Times, No. 26 E. Raymond ave.

PASADENA, May 22.—Palling before the wave of public indignation which swept aside his seething denunciations of the building tactics of union agitator, B. O. McCord, proprietor of the McCord barber shop, has taken back into his employ, Albert Harrison, the man whom unionism, represented by an smoldering wolf, sought to injure, because he announced his intention to desert his work and install a substitute when called for service with his company in the San Francisco street car strike.

At the instance of J. B. Seobey, an officer in the local Electrical Workers' Union, who is endeavoring to still hold the place under a boycott and who has declared he will never employ a man who has been in the shop as long as a member of the militia holds a chair operating under its supervision, McCord, through his foreman, Price, let the fact become known that he would not hold Harrison's job open for him when he returned. The substitute left by Harrison was put on as a regular. Harrison went to work for the Baset shop when the countermanding order was released him from his office to report for duty.

With brassy effrontery, branding the militia as an un-American institution, Seobey threatened a boycott of all union men in the shop as long as a militiaman was employed. McCord, starting a boycott from all non-union men if he persisted in keeping Harrison from his chair in the shop, went to the lieutenant and squared matters between them. Harrison is now back in the shop.

Had the refusal to take Harrison back been maintained, it is possible that the encroachment on the law respecting the intimidation of public office holders and Federal employees would have come under official notice. Matters are now running smoothly and no further trouble is feared.

CONGRUOUS OBITUARIES. Paying the tribute his devotion to his country demanded, the last tribute mankind can pay, save as in memoriam it perpetuates the memory of one who has been great, distinguished assemblage, representing the many orders which owed him honor, and the American people whom he served, yesterday afternoon made memorable the last rites for the late Hon. Edwin Hurd Conger.

Delegations from the Loyal Legion of the G.A.R., the Pasadena Board of Trade, the Occidental Life Insurance Company of which Mr. Conger was president, the Southern California Town Association, and other institutions, gathered at the home, No. 105 South El Molino avenue, where they joined with the bereaved members of the family and the stalwart citizens of Pasadena in the obsequies.

A pathetic incident in connection with the funeral of the noted diplomat was the belated arrival of the youngest sister of the deceased, Mary, wife of Lieut.-Col. Easton A. Edwards of New Mexico. The Overland train upon which she was hurrying on her mission of sisterly devotion was an hour late and she arrived in Pasadena as the funeral cortege was winding its way out of the cemetery.

Except for the trial color of the Loyal Legion draped at the side of the casket and conspicuous in color scheme of the floral decorations, the funeral was simple. In accordance with the wishes of the departed, it was at the home and devoid of the pomp which characterizes funerals of State.

Floral pieces were probably never seen in greater profusion at a funeral in this city. Many of the most beautiful ones were sent on telegraphic order from various points in the United States.

Rev. D. C. Ellsworth Nash, former president of Lombard University, Malesburg, Ill., presided. Rev. S. G. Dunham, pastor of the Pasadena Universal church, brief addressed carrying the tone of sincere admiration and love were delivered by these divines.

The active pallbearers were John W. Vaughan, B. O. Kenell, B. Beatty, Joseph Burkhard, vice-president of the Occidental Life, M. E. Wood and J. W. Wood.

The interment at Mountain View Cemetery was private.

DREAM CALLS TO LIBERIA.

Claiming that she is a seer, a prophet of the Senegambian race has persuaded her husband, Dr. W. G. Goldmond, to enter the Liberian mission field. Mrs. Goldmond had a dream. The dream awoke her in the depths of night and she told the story of her dream to her husband. It was a strange, weird dream and appealed to her as the burning bush appeared to Moses, when he received the direction from God to lead the children of Israel out of the wilderness into the promised land. Harkening to the dream, she believed that the Lord had made and imparted the revelation and belief to him. Now he shares her belief.

"My wife has had a call from God," said Goldmond, yesterday. "I believe that she had a revelation and I will follow her to the heart of Liberia, where we will teach the Africans the pursuits of husbandry and the word of God."

"We are of the Apostolic faith," pointing to a little button on the lapel of his coat, "an making good money at this here public string business, but I will follow my wife to the dark spots of the earth, yassah."

Goldmond has lived in this city thirty years and is known as a clean-minded, reliable man. At No. 1169 North Marengo avenue he has a little home which he has placed on the market. As soon as it is sold, he avers he will leave at once with his wife and little adopted son for his promised land.

Mrs. Goldmond is preparing a missionary box.

LONG BEACH STOVES COLD AT BREAKFAST TIME.

Disintegration of Iron Bands Cause Desolate Park Tank Is Stated Cause. 'Big Three' of City Trustees Refuse to Reappoint City Attorney. Fight at Sea.

Office of The Times, No. 26 E. Raymond ave.

LONG BEACH, May 21.—There were lamentations from housewives and language of a different sort from their hungry better-halves this morning, when the opening of the valves on the Edison Electric Company's gas holder, an utter absence of that commodity and efforts of frenzied housewives, to reach the main office by telephone, were answered by the statement that the line was busy, indicating that others were also in trouble.

Neighborhoods were secured to find some one with a wood or coal range on which to heat water for the morning coffee or tea, but for the substantial of the morning meal citizens had to content themselves with cold food. The restaurants were also in a bad way, but a number of them also have oil ranges, they were only inconvenienced, not put out of business.

The cause of it all was the collapse of the gas holder of the Edison Electric Company at Sea-side Park and the loss of 60,000 feet of gas. Workmen were engaged near the tank last night when three of the iron bands which held it together broke and the tank began to leak. Before they could more than leap to safety, fourteen other bands broke and a tidal wave of gas poured out, carrying away eight feet of the high band fence and flooding the Salt Lake and Pacific Electric tracks. The gas holder collapsed and the loss of 60,000 feet of gas. Workmen were engaged near the tank last night when three of the iron bands which held it together broke and the tank began to leak. MAGISTRATE MYERS MISSING IN SANTA MONICA.

No Clue of His Movements Since Last Thursday—Wife and Daughter Distracted Over Unexplained Absence—Trial of Malibu Cases on His Docket for Friday.

SANTA MONICA, May 21.—Mystery attaches to the disappearance of A. J. Myers, Justice of the Peace of Santa Monica township. He has not been seen by family or friends since Thursday afternoon, when he was last seen to take a Los Angeles-bound electric car. A quiet search has been made for him for several days, in Los Angeles and near-by towns, but without result until today that it was made known that there was anything unusual or mysterious about his absence.

His wife and daughter, Miss Elizabeth Myers, are at home in distraction, knowing not which way to turn. The Justice of the Peace, so far as is known, are in good condition, although since the Santa Monica freeder charter was into effect the business has fallen almost to nothing. He was discouraged over the fact that he is not well and destroyed himself. It is feared he may have suffered an attack of neuritis of the heart, which is not far from the truth. There seems to be no clue as to his whereabouts.

At both home and office Myers left his personal belongings in such condition as to indicate that he intended to have returned soon after his departure. His absence has as yet occasioned but little trouble in the township. The duties of the office of township Justice of the Peace, which he has been performing since his appointment, have been taken over by his wife and daughter. The cases are set for Friday and the trial will be expected to develop some new phases of the closed policy of the Malibu School.

Myers had been expected to return to his home in Santa Monica, where he had been residing since his appointment. The cases are set for Friday and the trial will be expected to develop some new phases of the closed policy of the Malibu School.

SEEK 5-CENT FARE. The City Council has appointed a committee to confer with the officials of the Los Angeles-Pacific for the purpose of securing a 5-cent car fare within the city limits. The committee is composed of the city engineer, the city auditor, the city assessor, the city superintendent of streets, the city electrician, and the city clerk.

SEARCH OF LITTLE CREEK IS WITHOUT RESULT.

Whitening Material in Water Does Not Make It Injurious—Big Fight on Cause of Pioneer Jack Ruffen's Death of Rectory Escaped Gets Thirty Days.

SAN BERNARDINO, May 21.—Over seven feet of water has fallen in the creek of Little Creek in the past week. The search for the cause of the recent flood is kept by the government. The search for the cause of the recent flood is kept by the government.

NOT FIGHT FOR ESTATE.

The first legal proceedings looking to the commencement of the contest over the will of Pioneer Jack Ruffen were taken this morning, when a young man from which to select a jury and to hear the contest. The trial will commence next Tuesday in Department of the Superior Court.

The morning Attorney R. E. Bledsoe, one of the important witnesses, announced to the court that Will A. Holmes, who had been retained by the defendant, would be compelled to testify, owing to a general breaking of his health. It has been announced that Earl Rogers has been subpoenaed by members of the San Bernardino Bar Association. Besides an array of counsel on the part of the plaintiff, the defendant has a number of witnesses.

FATHER TAKES BRIDE AWAY.

Following Marriage at Escondido the Groom Is Arrested at Oceanside.

(BY DIRECT WIRE TO THE TIMES.)

OCEANSIDE, May 21.—(Exclusive Dispatch.) R. L. Holbrook of Los Angeles came down Sunday, and engaged a rig for Escondido, where he and Miss C. Carpenter, daughter of H. Carpenter, were secretly married. Returning to Oceanside they were intercepted by a telephone message from the girl's father ordering Holbrook's arrest. Mr. Carpenter came by auto from Los Angeles and took his daughter home.

JOHN H. BROWN, wife and daughter of Los Angeles, were crossing a bridge over the San Luis Rey River at Bonita today, when the auto swerved to one side and plunged into the river. The daughter was brought to Oceanside, where she sustained internal injuries, having her ribs broken and her spine injured. The value of the family were badly shaken.

Hotel del Coronado for comfort.

OCEANSIDE, May 21.—The City Trustees have under consideration the installation of a new pumping plant for the water system, as well as an enlargement of the existing plant. The plan of the Tracy Engineering Company of Los Angeles has been employed for consulting engineer and will prepare plans for the new plant. An investment of \$20,000 is in view.

THE TRUSTEES OF THE OCEANSIDE school district, have called an election for June 15, for the purpose of voting \$4000 worth of bonds for school purposes. It is highly probable that the bonds will carry by a practically unanimous vote.

THE HAYES LAND COMPANY has petitioned the City Trustees to have annexed to the corporate limits of Oceanside a tract on the southeast, stating that the annexation would add \$25,000 to the property valuation of the city and would result in improvements to the amount of \$5000.

Pacific squadron now at Coronado.

CORONA, May 21.—C. A. Kinney, W. J. Pentelov and W. C. Barth of the Board of Trade, with City Attorney G. R. Freeman, City Engineer Cuthbertson and A. B. Turchill, are expected here. They are expected to be here for a few days.

CHARGES AGAINST RIVERSIDE MAN WHO HAS LEFT TOWN PREFERRED BY HIS FORMER ASSOCIATES.

RIVERSIDE, May 21.—Charges have been preferred by George H. Seaton against a business partner, C. F. L. Kinney, who has left town under a cloud. It has been made public that Kinney was short \$12,000 to \$15,000, and had juggled the accounts of the company. Kinney was the junior member of the lumber firm of Seaton & Kinney. In the fourteen months during which this company was in business, it is alleged that Mr. Kinney appropriated to his own use nearly \$15,000 of the money of the firm. Kinney promised to turn over all of his property to Mr. Seaton upon the assurance of immunity from prosecution on a criminal charge. He has now gone East, where his wife preceded him several weeks earlier.

Plenty of sport at Coronado. PITMANS GO TO KENTUCKY.

Elderly Bride and Younger Groom Leave Placencia to Live in the East.

FULLERTON, May 21.—Mr. and Mrs. Matt Pitman, who were married by a justice of the peace in Los Angeles a few days ago, have gone to Mr. Pitman's old home in Kentucky.

It is said that Mrs. O'Brien is anxious to recover her child from her mother and, according to a statement by a member of the Tuffree family, legal steps will probably be taken to get possession of the child as soon as Mrs. Pitman is located in Kentucky.

At one time Col. and Mrs. J. K. Tuffree owned over 1200 acres of valuable land in the famous Placencia country. They fought lawsuits after lawsuits, through the courts, finally winning the case and getting a deed to the property after a costly battle of twelve or fifteen years. It is said that the prolonged lawsuits caused Col. Tuffree to lose his mind. Only a few years ago Col. Tuffree committed suicide at his home in Placencia, shooting himself through the stomach.

At that time Mrs. Tuffree was living at nearby Arroyo Viejo. She was a very beautiful woman, and she was the daughter of a very wealthy family. It is not known whether or not Mrs. Tuffree will return to Placencia.

GOES DEEPER FOR WATER.

The F. J. Kimball Compressed Air Company of Los Angeles has installed a thirty-horse-power electric motor and a thirty-horse-power air compressor for the Fullerton Domestic Water Company. The company deeply into one of the wells, going down to a depth of 220 feet, so that water for city purposes will be pumped from a second stratum instead of from the first stratum. By the air compressor system of pumping, 15,000 gallons can be lifted every hour. Mr. Carpenter has charge of the work.

BRIEFS OF FULLERTON.

Lee Ortega, brother of Paul and Jim Ortega, and formerly a resident of Fullerton, is dangerously ill of consumption at his home in San Bernardino. He was married only a few weeks ago to a young woman of that city.

H. F. Dalrymple, manager of the Wilson Fruit Company, has left at the Times correspondence bureau a grapefruit weighing forty-six ounces and measuring twenty-one inches in circumference. It was produced in the orchard of William Berkenstock of Placencia, and is believed to be one of the largest ever grown in Southern California.

J. J. Bickmore, who was dangerously injured by being thrown from a street car in Los Angeles during La Fiestra, was brought home from a hospital in that city yesterday. It may be several weeks before he is able to get out and around again.

John Brown has gone back to his old-time home at Cayuga, Ontario, Canada, for a year's visit. Mr. and Mrs. Williamson of Pasadena have been guests of Mr. and Mrs. Arthur Johnson the past week, and may decide to locate in Fullerton.

MOST FOR THE MONEY AT CORONADO.

SAN JACINTO, May 21.—A. Baer, employed in the Cahulla gem mine, was injured in a blast and brought to San Jacinto today for medical treatment. He claims to have been one of the Paul Kruger staff that buried \$150,000 of the Transvaal treasure. Sheriff Wilson is in town looking for the money.
